EDUCATION

B.S. Graphic Information Technology (Full Stack Web Dev), Ira A. Fulton School of Engineering **Graduating Dec 2025**
Arizona State University - Polytechnic Campus, Gilbert, AZ **3.23 GPA**
Relevant Coursework: Computer-Aided Design, Hardware Design Languages, and Programmable Logic, Human Systems Research

TECHNICAL SKILLS

Design and Modeling Tools: Figma, Adobe Software: Photoshop, Illustrate, InDesign, Premiere, After Effects, SOLIDWORKS
Coding Languages: HTML5, CSS, JavaScript, Python

PROFESSIONAL EXPERIENCE

Cognizant, Phoenix, AZ: High Performance Computing Intern **June 2021 – Aug 2021**
Research multiple Application Lifecycle Management tools and then performed heuristics assessments to determine whether the software had sufficient user interface usability and met the requirements specified by the HPC team

- Translate high-level requirements and created audit guidelines for each ALM tool
- Facilitate meetings with executives to elicit information about where their team needed more support
- Collaborating with other interns to support each other through the research processes

ACADEMIC PROJECTS

Artist Website

Developed a gallery website for an artist using HTML, CSS, and JavaScript

- Developed a wireframe using Figma to outline the layout of the website and to organize assets
-

Restaurants Website

Developed a two-page website for a restaurant using HTML and CSS

- Created a wireframe to plan and develop the home and contact page, where the user can make inputs and the data be transferred to an Excel spreadsheet for the restaurant
- Utilized principles of design to create a page that is aesthetically pleasing and easy to maneuver through for the end user

Heuristics Assessment

Conducted a Heuristics assessment on rideshare apps to evaluate their effectiveness and efficiency

- Sourced data from the HR-STD-001B handbook to create a check-list of usability requirements
- Evaluated the UI experience from three rideshare applications, determining their efficiency and effectiveness

OTHER WORK EXPERIENCE

Cooper Hawk Winery & Restaurant, Gilbert, AZ: Service Assistant (20 hours/week) **May 2023 – Present**

- Assist servers in ensuring that customer experience at the restaurant is satisfactory
- Aid in ensuring that the chef has all of the resources necessary to run the line efficiently

Amazon, Central operations Associate (10 hours/week) **June 2020 – May 2024**

- Coordinate with drivers to dispatch orders to customers, making sure all orders are on time
- Communicate problems with managers and leads on how to make improvements in our system to produce better efficiency

ACTIVITIES/ VOLUNTEER

Black African Coalition, Arizona State University **Aug 2020 – Present**

- Active member of the Black African Coalition which prides itself on creating safe spacing for African American and African students to congregate and work to better the minority experience at ASU

Young People's Division, African Methodist Church **Fall 2020 – Present**

- I am the Connectional Recording Secretary of the Young People's Division which is a global organization that empowers black youth professionalism, striving to partake in leadership rolls
- In charge of keeping accurate minutes, roll calls, and directories. Additionally, I facilitate workshops on technology software development.
